

BARE MOUNTAIN ROAR

December 2020

From the President

As you may know by now, Idaho is among those states with the worst problem with Covid infections in the country. Recently, the Governor declared that the entire state would move backward to Stage 2 until further notice. That prohibits all gatherings larger than 10 people. It would seem unlikely that this could change by the time of our scheduled January Membership meeting, given the recent rate of increasing infections and hospitalizations. As you know, throughout this past year, our club has consistently adhered to the local mandates in order to protect our members and to act as responsible citizens.

For these reasons, the Board of Directors has voted to cancel our January Membership meeting, declaring this an emergency situation similar to our cancelled April Membership meeting. The Board regrets the need for this decision and I am sure that they and all of our members are hoping for improved conditions for our 2021 season.

Let's all continue to protect ourselves and others. Have a great Holiday Season! Ron W

Voting

As a result of the cancellation of the January Membership meeting, the club is left with two important decisions to be made. The Master Plan and the 2021 Schedule of Dues and Fees need to be approved in order to be able to proceed with setting the proposed 2021 budget for membership approval at the April Membership meeting.

Please review these two items, as we will be sending everyone ballots in December.

Then, rather than an actual meeting in January, members will be sent year-end financial reports, Committee reports and a tally of voting results.

Master Plan (copy attached)

The 2021 Revised Master Plan was discussed in some detail at the October Membership meeting. As a result of those discussions and suggestions, the current Plan includes all of those changes. At that meeting, the members also voted to approve 2021 funding for the pool project and deck expansion portion of the plan. The purpose was to assure commitment for the project and to allow funds to be available, if needed, before the April budget votes. The Board has voted to approve the revised Plan for a vote of the members.

As we know, with the removal of the old deck and pool and the arrival of the complete new pool assembly, there is much to be done next season.

Schedule of Fees and Dues (copy attached)

The 2021 Schedule of Dues and Fees does not change from 2020, however if you have comments for 2021 please send to Cherie. The comments will be included with the ballot in December.

2021 Internet on the Mountain

The Century Link internet in the clubhouse will be for all to use.

The Hughes net on the center bathroom will have a separate password and be used by members that pay a portion of the annual cost with their dues. If you are interested in using Hughes net or have questions, please email Cherie (cmsalz@gmail.com).

!!!!!!The Editor would like to have a winter pictures from Idaho, Utah, Arizona, Texas, or wherever you are this winter..... I hear there is snow around the mountain already!.
