

BARE MOUNTAIN ROAR

December 2021 & January 2022

From the President

I think most of us know that the older we get, the faster time seems to fly by. That is certainly how it feels for me as I look back at my years while serving on the Board. As I finish this final term as President, my foremost thoughts center on gratitude; for our many dedicated members and also to those fellow Board members, past and present, who have served the club so well over those years.

Clearly, the heartbeat of our club and its success is the spirit and cooperation of the members. You have served as committee members and chairpersons, become project or event leaders as well as willing helpers on all of our various club functions. I am so grateful to our members who have, year after year, brought their skills and knowledge to benefit the success of the club. I know that as you look around now at our club, you must be so proud of what you together have accomplished.

Each of the members who have served on our Board during my years there have done so with integrity and honor. Making decisions based on the club policies is always a priority. On occasion, bringing different points of view to the table results in finding the best solution in the end. I am grateful to each of them for their thoughtful contributions to Bare Mountain.

Lastly, these days while I'm not sure we feel change is always good, I am sure in the case of our new Board, this will be a welcome new group. Fresh new ideas tempered with seasoned experience should be a good balance to guide this new group.

I hope all of our members will join me in lending this new Board our wholehearted support!

Ron W.

JANUARY MEMBERSHIP MEETING

The January General Membership meeting will be held again this year at the home of Charles and Alison A., 12681 N. Schicks Rd., Boise, on January 15, 2022, at 1 PM. They have graciously agreed to host the event as well as provide lunch prior to the meeting for those attending. All of our members are invited to arrive at 11:30 AM for lunch at 12:00 PM. Bring your favorite beverage. Following lunch, the meeting will begin at 1:00 PM.

Members who are not in the Southern Idaho area and cannot attend in person are invited to join the meeting online at Google Meet. Cherie will be providing a link to the meeting shortly before the meeting date.

Hello to our Northern friends. We understand you've been enjoying a beautiful Indian summer. It's been 80+ for most of November in Western Arizona, and now it is cooling down to a comfortable 70. Normally there are almost no flies in the desert of Quartzsite. I overheard a gentleman ask a clerk in one of the local stores if they carried fly swatters. The clerk told him there wasn't a flyswatter available in Quartzsite or Parker (40+ miles away) this year. Due to the monsoonal rains in August and September the area was hit with lots of biting flies and the stores sold every last flyswatter they could get their hands on!

Thank you Chuck and Nancy for the picture Parker AZ

Cabin on Lot 43 For Sale

GRAVEYARD SURPRISE!

A man's car broke down in the middle of the night. He knew the area well and realized that the quickest way to the nearest service station was through an old graveyard.

He was walking along the headstones when in the distance he heard a faint tapping noise. As he got deeper into the graveyard, the eerie tapping got louder and louder. He very anxiously turned a corner and saw the source of the tapping. There stood an old man with a hammer and chisel, hunched over a headstone, Relief washed over him, and he said, "I was beginning to freak out because of that noise! I thought this place was haunted. What on earth are you doing here so late anyway?"

The old man continued chiseling and said, "They spelled my name wrong
