

BARE MOUNTAIN ROAR

March 2021

February 23, 2021 of Hawaii (picture by Jim H)

From the President

As I am writing this, I can look out of my windows and see white everywhere. Yet, I know many of us are enjoying 70 or 80 degree days this time of year.

So for all of us still here in Idaho, spring can't come soon enough.

I am sure we are all wondering what this year will bring to us at Bare Mountain. It seems that the whole Covid-19 situation is quickly changing. Recently, infections have dropped significantly across the country. Some experts believe that more cautious behavior combined with vaccinations and natural immunity from those previously infected have begun to slow the ability of the virus to spread as quickly. We can all be hopeful that these things are true and that we may be able to cautiously return to a little more normal season this year. The Board is expecting to be able to allow visitors and guests this season if conditions remain favorable. Everyone will be asked to mask while indoors and to distance wherever possible. Activities which can be safely enjoyed are already being planned. Our work projects are planned and ready to begin. We all hope to have a fantastic 2021 on the mountain.

So all we need now is some warmer weather. Bring it on!

Committee's

I was looking back on the years I have been a member. One thing comes to mind that just slowly over the years is committees have become just a committee chair. Committees were created to be a committee, which means more than 1 person! Our Committee Chairs are having to do everything, however they would appreciate members to join their committee to help with creativity, share the work load, and having fun.

Challenge is: Review the list and join a committee this year. Last page of the Roar is all the committee's with the current committee chair contact information. Cherie

Roar is adding a new section:

Have you ever reviewed your Bare Mountain Policy Manual? Did you know it is on the website? The Roar in 2021 will attach a section of the Policy Manual. Late in August, Brent and Cherie will host a Town Hall meeting/party for all new and old members. This activity will be done each year for all new and old members. Section 11 is attached, if attachment is hard to read you know where to find it right?

2021 Season

We have updated the Bareidaho Web page with: "Bare Mountain will be open this season. The Club is concerned of the safety for members and visitors, but stay in touch for details." The Board will review COVID information timely to let all know how 2021 will go. If possible the Board really wants to open to visitors this year.

AANR & AANRNW card dates

Donna was advised in November that all AANR and AANRNW dues are to be charged for full rate when joining. Then to prorated extra months for new members on the next years invoice. For current members, we had to audit by month, any member with a renewal date after 4/30/21, then the 2022 AANR card would be adjusted back. If you receive a discount your 2021 Invoice will reflect the prorated fees. Any questions, please contact Cherie @ cmsalz@gmail.com.
