

# BARE MOUNTAIN ROAR

May 2021

## Did you know?

It is Bare Mountains 40<sup>th</sup> Anniversary as well!!!

## From the President

We're finally ready to start our summer season on Bare Mountain. With the pool project at the top of the list, it's sure to be a busy year for our club. This important task, under the guidance of project manager Jim L., is already underway. The pool has arrived, the excavation is set to begin, the steel supports are manufactured and ready to set and the necessary lumber for the deck has been purchased and scheduled for delivery.

A project for the club of this size and expense is very rare. It will require hundreds of hours to complete. A task like this requires an "all hands on deck" effort. I am grateful that many members have already pledged to assist, some even using workplace vacation days to join in. For those physically able, there should be something for everyone to help with. If all members will do their part, the workload is much more fair and manageable for everyone. And the members who do participate will always carry a sense of pride and satisfaction with our completed pool complex for all those future years we are here to enjoy it.

As we begin the process, please watch for online announcements of coming pool construction projects to join in and assist with.
