

# January 2023

**Members Corner:** Each month the ROAR will highlight comments and questions from our members as it pertains to them. We are looking for suggestions and positive recommendations. I have been a member since 2006 and have seen a lot of changes in the club. My recommendation is that all club members take the mountain seriously by voting, attending meetings, attending functions, helping with a project, or just enjoying our mountain family. I really don't like hearing "you know that all clubs have a saying that 20% of membership does all the work", do you? Our Bare Mountain is a special family and families do not run on 20% of the family doing all the work. Contribute time often, there is a lot to do and after 12:00 (noon) let's fun time every day.
